

# Where Meetings Mean More

## We're proud leaders in the Sustainable Tourism movement.

Sustainable Tourism is the practice of comprehensively incorporating the principles of ecotourism to the mainstream guest experience. Here at The Lodge, there's a symbiotic relationship between the host community and the visitor – meaning there are increased benefits to both. Basically, you being here helps everything flourish.

Each of our 350 guest rooms weave comfort and sustainability with a contemporary flair. All rooms and suites bring the outdoors in and provide you with a view of either the Gulf of Mexico or Lake Shelby.

The Lodge at Gulf State Park, A Hilton Hotel, offers 40,000 sq. ft. of flexible indoor and outdoor event space along with several outdoor gatherings and reception areas. We also offer various team building, volunteer and social responsibility opportunities for your conference.

## With the return to meetings upon us, we have a dynamic destination for you and your attendees to thrive in!
